invite **you** and **your school** to take part in

A creative response to climate change

– a competition for schools in Warwick District, to **draw, paint, photograph** or **write** something that expresses your views and feelings about Climate Change.

For many people, Climate Change is humankind's greatest challenge, and one that the world is not facing up to.

- What is happening?
- How can we stop it?
- What can we do locally?
- What will the world be like in 2050?
- How can we persuade the world to act?
- ★ Paint a poster!
- ★ Write a poem!
- ★ Tell us what to do!
- ★ Scare us!
- ★ Show us!

Originally planned to end with the Easter holidays in 2021, the competition will now run until the end of the Autumn Term, December 18th, 2021, because of delays due to the pandemic. A panel of judges will award prizes of £100 for the best individual entries in four age groups, and £1,000 to the school submitting the best body of work.

For rules, details of how to enter, resources and questions, go to the Art Competition page of the Warwickshire Climate Alliance website at
